For gyms, clubs & trainers

- Members train with measured data: fat vs. muscle, metabolism, VO₂ max
- Re-tests show progress beyond the scale
- Optional nutrition and habit coaching between sessions

For physicians & clinics

- Objective body-composition and metabolic reports
- Habit coaching between appointments, including for patients on weight-loss medication
- Reports shared with your office only with the client's written permission
- We never diagnose, prescribe or change medication

How referrals work

1. We give you a personal referral link that tracks visits from your members or patients.
2. They book online or call (512) 443-3500 and mention your name.
3. We test, coach and, with permission, send you a summary.
